ORLEANS OUTDOORS

The Orleans Recreation Advisory Committee (RAC) had completed a survey of residents in 2019 to evaluate and rank the opportunities for enhancements to the recreation offerings within the town. Over 500 residents of all ages completed the survey. The survey results were sent via email to participants in the town recreation programs and a follow-up Zoom meeting was held. The survey and follow-up communications provided RAC with a roadmap for applying for CPA funds under the Recreation Category.

Of the ranked ideas that fall within the CPA guidelines, applications will be submitted for:

- Bike Racks
- Bike Paths (Bike & Pedestrian Committee will be submitting)
- Kayak Racks and Waterways Education
- Enhanced Trail Signage
- Storybook trail
- Picnic Area
- Design and engineering services for basketball court
- Pickleball Court

Each topic will have its own specific application with the supporting documentation and contact person. Tracy Murphy, Chair of RAC, can be contacted on any application.

Pickleball courts

Detailed Narrative:

This project would convert one tennis court into 4 side by side permanent pickleball courts. The project would resurface the existing tennis court, paint new lines consistent with pickleball regulations and erect 4 permanent nets. This would allow for a total of 8 pairs or 4 doubles matches to be played simultaneously.

Timeline and action plan:

The timeline for the project would be consistent with typical town projects of same size and nature. This application is in conjunction with the Orleans Recreation Department, Orleans Recreation Advisory Committee, and Orleans DPW.

Financial data:

The costs are an estimate after speaking with previous vendors of similar projects/repair in town.
