

# Creative Community Popups

## *Printmaking Without a Press*

March 24, 2023

5:30 - 7:30 PM

Explore ways to make prints and decorated papers using Gelli plates, a printing process where you can easily transfer textures and images to paper or fabric by hand. This process is fun and gives you endless possibilities for creating vibrant papers through layering, stamping and stenciling. A wide variety of tools will provide for lots of choices and experimentation.

## *Collage and Assemblage*

March 31, 2023

5:30 - 7:30 PM

Using a variety of the printed papers we made in the first session, you will explore collage and assemblage techniques to make cards, journal covers, or your own unique artwork. We will share ideas and discoveries and you will have the option to join a group who are working on a mural to Celebrate the Planet for an April community show at the Old Firehouse Gallery.

TEXT your name and date(s) to reserve a spot 774-316-6416

Taught by experienced art educators Linda Louis and Christine Martell

**Free**
