SELECT BOARD

TOWN  
ADMINISTRATOR

## TOWN OF ORLEANS INVITATION TO BID – CLEANING & REDEVELOPING WELL #4

The Orleans Town Administrator will receive sealed bids for providing Cleaning and Redeveloping well #4 for the Town of Orleans Water Department. Bids will be received on or before **4:00 p.m. prevailing time on May 31, 2023** at which time and place bids will be publicly opened and read. Any bid received after this date and time will be returned unopened to the bidder. No exceptions will be made.

Specifications and bid forms may be obtained by registering at [www.ton.orleans.ma.us/bids.aspx](http://www.ton.orleans.ma.us/bids.aspx) or at the Town Administrator's Office, 19 School Road, Orleans, MA 02653 from 8:30 a.m. - 4:30 p.m.

Every general bidder shall submit a Bid Bond in the amount of five (5%) percent of his respective bid, with his bid. Bid bonds must be issued by a company qualified to do business in the Commonwealth.

Wages are subject to prevailing wage rates as per Massachusetts General Laws, Chapter 30, Section 39M. The contractor must ensure that employees and applicants for employment are not discriminated against because of race, color, age, religion, sex or national origin. Attention is also called to requirements relating to worker's compensation, OSHA certifications and conditions of employment.

Each bid should be submitted in a separate sealed envelope clearly marked "**Cleaning and Redeveloping Well #4**". FAX bids will not be accepted. The Town Administrator reserves the right to accept and/or reject any and all bids and waive any informalities in bidding procedures to the extent allowed by law and make the award as may be deemed to be in the best interest of the Town. The bid award will be made on or before **June 30, 2023**.

Charles Sumner  
Interim Town Administrator

## **GENERAL CONDITIONS**

### **1.1 LOCATION AND WORK TO BE DONE**

The work herein specified to be done under this section shall consist of furnishing all equipment, labor and materials to:

#### **Rate, clean, redevelop and re-rate gravel packed well #4**

The work shall be performed at existing well #4 located in Orleans, MA.

#### **WELL DATA #4**

Diameter:	24" casing
Depth:	66.8' w/16.10' Screen
Original Specific Capacity:	69.60 gpm/ft.

### **1.2 ACCESS TO WELL CLEANING AREA**

The Orleans Water Department shall provide and maintain adequate access roads for truck-mounted equipment, and prior to the contractor moving his equipment, it will be his responsibility to notify the Orleans Water Department in sufficient time so that the Orleans Water Department or its representative, may obtain necessary permission and arrange for any site work necessary.

### **1.3 INSPECTION AND REJECTION OF MATERIALS**

All materials furnished and all work done by the contractor shall be subject to inspection and approval of the Orleans Water Department. All defective materials shall be removed from the site of the work.

### **1.4 OCCUPYING PRIVATE LAND**

The contractor shall not, except for written consent from the proper parties, enter or occupy with men, tools, materials, or equipment, any land outside of the rights-of-way or property of the Town.

### **1.5 SANITATION**

The contractor shall prohibit the committing of nuisances on the site or adjacent property, whether public or private.

### **1.6 DEFINITIONS**

Wherever in the specifications, the words "as directed", "as required", "as permitted", or words of like import are used, it shall be understood that the direction, requirement, or permission of the Orleans Water Department is intended. Similarly, the words "approved", "acceptable", "satisfactory", and words of like import shall mean approved by, acceptable to or satisfactory to the Town.

**TOWN OF ORLEANS**  
**SPECIFICATIONS FOR RECONDITIONING AND REPAIRS OF WELL #4**

1. **INTENT OF SPECIFICATIONS:**

Under this Specification, it is intended that the contractor shall furnish all necessary equipment, labor and supplies, for the Cleaning and redeveloping of Well #4 and the associated pumping equipment. All information which the bidder may require may be secured by him by means of a personal visit to the site of the work. Arrangements for such a visit may be made by telephoning the Orleans Water Department at 508-255-1200.

2. **EQUIPMENT:**

The contractor must furnish, deliver, and erect at the site all necessary rigging and miscellaneous equipment to accomplish the repairs. This must include a cable tool drilling machine capable of bailing the well that is satisfactory to the Orleans Water Department. The equipment shall have a walking beam or device which provides a reciprocating surging action in the well automatically. Such surging action shall have a stroke length of up to three feet and a frequency of up to thirty-five strokes per minute. Methods requiring operator attention for each stroke will not be permitted. The surge-line must deliver a flow at least equal to the existing equipment. This will require a deep well type surging pump. The surge line shall be 6" size and be set with multiple surge blocks at five feet intervals through the entire screen section with a surge block at two feet above the screen in the pipe section of the well. The surging equipment then shall be installed to operate smoothly in the vertical motion and there is to be no understrain of tension to the well during any part of the surging operation.

3. **PRELIMINARY TEST:**

Prior to pulling the pumping equipment, the Contractor shall run a 1 hour test of the existing well and pump at several pumping rates, comparing the results obtained with the original performance to determine the extent of well and pump repairs needed. During the test specific attention shall be paid to unusual vibrations in the equipment and the voltage and amperage of each leg of the motor feed.

4. **REMOVAL OF PUMP AND MOTOR FROM WELL:**

The Contractor shall remove the pump and motor from the well, taking all due precaution to avoid damaging the well house, well casings, seals or pumping equipment. The contractor shall then dismantle the pumping unit and power wash the various parts. He shall then examine and inspect all the parts of the pump and replace any defective part. He shall then reassemble the pump,

painting the inside and the outside of the column pipe and the outside of the bowls with a bitumastic enamel approved by U.S.E.P.A. and/or A.W.W.A. for submerged use in potable water, if required. This work shall be performed by factory-trained and competent employees of the contractor. Replacement parts will be furnished by the Town or by the Contractor at a mutually agreed additional rate. After inspection, the Contractor shall furnish to the Owner a detailed breakdown of the parts to be replaced together with the cost, and no installation of such parts shall be made prior to authorization by the Town.

5. WELL REDEVELOPMENT:

Initially: The Contractor shall place in the well sufficient inhibited muriatic acid to make an acid concentration in the entire screen and gravel pack of 15%. The acid shall be surged 8 hours, then pumped to waste while surging into a lime bed or similar neutralizing chemical to neutralize any unspent acid. In calculating the amount of chemicals to be required, the screen length plus 5' shall be considered as a base. The gravel pack shall be considered to have a porosity of 50% and allowance should be made to fill both the screen and the gravel pack with chemicals.

Secondly: The Contractor shall place sufficient Sodium Polyphosphate with HTH in the well to provide a concentration of 10# Phosphate per 100 gallons of screen and gravel pack water volume. 1# of Calcium Hypochlorite or 1 gallon of Sodium Hypochlorite shall be used for each 30#'s of Phosphate. The well shall be surged for an 8-hour period and the solution pumped to waste.

Thirdly: The Contractor shall place in the well sufficient HTH solution to provide a concentration of 1# of Calcium Hypochlorite per 100 gallons of water. The total volume of the chlorine solution shall be 3 times the volume of the water in the screen and gravel pack. Following the injection of the chemical, it shall be purged from the well and the pump by following it with sufficient clear water. Afterward, the solution shall be allowed to remain in the well overnight and surged for 8 hours the following day before pumping to waste.

At the completion of each chemical treatment, a brief pumping test shall be made, using the development pump to provide an estimate of the results being obtained. Upon completion of the third day of treatment, an analysis of the development results shall be made with the Town, and a decision of whether to continue treatment by means of surging without chemicals, surging with a repeat of one or more of the chemicals outlined above, or ceasing the redevelopment operation and proceeding with the balance of the work involved.

6. REASSEMBLY AND REINSTALLATION:

Following completion of all work on the well and completion of any necessary reconstruction of the pumping equipment or well, the Contractor shall reassemble

the pumping unit and install in the well, being careful to maintain proper alignment and match up with the pump foundation and discharge piping. All flanged pipe dismantled shall be cleaned thoroughly prior to reinstallation. The Contractor shall furnish and install new gaskets and metalloy nuts and bolts for the entire installation.

7. TEST OF WELL AND EQUIPMENT:

Following the installation of the completely overhauled pump in the well, the Contractor shall conduct a 2-hour pumping test of the well and its equipment, comparing the results of this test with the capacity of the well prior to its reconditioning. During the final test, vibration measurements shall be taken at the top and bottom of the motor and the stuffing box of the pump. Voltage and amperage measurements shall be taken and recorded, together with pump discharge pressure, static and pumping water levels and capacities at 3 cooperating points of the pump.

8. CLEANING:

Prior to final acceptance of the project, the entire facility shall be thoroughly cleaned. The cleaning shall include all floors, equipment, lights etc.

9. REPORT:

Following completion of all work, a written letter report detailing the work done, repair parts furnished, redevelopment procedures followed and the results of the redevelopment shall be made and submitted to the Town with the invoice for the work. No invoice will be considered for payment until a full and acceptable report is received.

10. SALVAGE:

All pump parts and equipment removed from the existing work and not required to be reinstalled in the new work shall remain the property of the Town, and delivered to the Water Department maintenance garage.

11. INSURANCE:

See General Requirements.

12. CERTIFICATE OF NON-COLLUSION:

Must be completed and submitted with bid.

13. ACKNOWLEDGEMENT OF PRINCIPAL:

Must be completed and submitted with bid.

14. STATEMENT OF TAX COMPLIANCE:

Must be completed and submitted with bid.

15. PREVAILING WAGES:

Wages are subject to minimum wage rates as per Massachusetts General Laws, Chapter 30, Section 39M. The contractor must insure that employees and applicants for employment are not discriminated against because of their race, color, age, religion, sex, or national origin. Attention is also called to requirements relating to Workmen's Compensation, OSHA certifications and conditions of employment.

16. Please use legal, corporate name on all documents, including d/b/a if applicable.

17. BID BOND:

Every general bidder shall submit a Bid Bond in the amount of 5% of his respective bid, with his bid. Bid bonds shall be issued by a company qualified to do business in the Commonwealth.

19. OSHA CERTIFICATION:

The successful bidder must furnish certification that all employees to be employed at the worksite has successfully completed a course in construction safety and health approved by the United States Occupational Safety and Health Administration and is at least 10 hours in duration.

20. No bidders may withdraw his bid for a period of thirty days, excluding Saturdays, Sundays and legal holidays, after the actual date of the opening thereof.

21. Bids will be received on or before **4:00 p.m. prevailing time on Wednesday, May 31, 2023** at the Town Administrator's Office, Town Hall, 19 School Road, Orleans, MA 02653 at which time and place said bids will be opened and read. All bids should be submitted in a sealed envelope clearly marked "CLEANING & REDEVELOPING WELL #4 - ORLEANS WATER DEPARTMENT".

**BID FORM**  
**CLEANING, REDEVELOPING AND REPAIRING WELL #4**

The undersigned bidder has carefully examined the sites of the work to be done, has become familiar with local conditions and the character and extent of the work, has carefully examined the bidding documents, and hereby agrees to perform the contract in accordance with the specifications, etc., at the following prices:

TOWN OF ORLEANS  
INSURANCE REQUIREMENTS FOR INCLUSION  
IN ALL SPECIFICATIONS AND CONTRACTS

PROJECT: **Cleaning & Redeveloping Well #4**

Insurance. The Contractor shall carry and maintain in effect during the entire currency of the contract, at his own expense, the following kinds and minimum amounts of insurance in a company or companies approved by the Town of Orleans. Such insurance shall cover claims and suits which arise out of or result from the Contractor's execution of the contract work whether such execution by the Contractor himself or by any Subcontractor.

1)  Worker's Compensation as required by the Worker's Compensation Laws of the Commonwealth of Massachusetts and, in conjunction therewith, Employer's Liability with a minimum limit of \$500,000.00.

2)  "Broad Form" Comprehensive General Liability including, but not limited to, Bodily Injury, Personal Injury and Property Damage Liability, Full Contractual Liability and liability arising from Explosion, Collapse and Underground Damage and all other applicable insurance necessary to carry out the contractual obligation to proceed under the contract. Minimum limit of liability \$1,000,000.00.

3)  Automobile Bodily Injury and Property Damage Liability for all owned, non-owned and hired automobiles operated in connection with the performance of the contract. Minimum limit of liability \$1,000,000.00 C.S.L.

4) \_\_\_\_\_ Builder's Risk - Amount of the Contract

5) \_\_\_\_\_ Professional Liability Errors and Omissions in the amount of \$1,000,000.00.

Certificate of Insurance. Prior to beginning work under the contract, the Contractor shall furnish the Town of Orleans a Certificate of Insurance naming the Town as 1)  an additional insured or 2) \_\_\_\_\_ certificate holder acceptable to said Town evidencing the existence of the foregoing insurance coverage. Such Certificate also shall provide that the Town of Orleans will be notified at least 30 days in advance of the cancellation or non-renewal of any insurance covered by the Certificate.

**Contract Number:** **City/Town:** ORLEANS  
**Description of Work:** Chemical cleaning of a gravel packed well and pump/motor maintenance.

**Job Location:** 350 South Orleans Road

---

Information about Prevailing Wage Schedules for Awarding Authorities and Contractors

- **The wage rates will remain in effect for the duration of the project, except in the case of multi-year public construction projects. For construction projects lasting longer than one year, awarding authorities must request an updated wage schedule no later than two weeks before the anniversary of the date the contract was executed by the awarding authority and the general contractor.** For multi-year CM AT RISK projects, the awarding authority must request an annual update no later than two weeks before the anniversary date, determined as the earlier of: (a) the execution date of the GMP Amendment, or (b) the execution date of the first amendment to permit procurement of construction services. The annual update requirement is not applicable to 27F "rental of equipment" contracts. **The updated wage schedule must be provided to all contractors, including general and sub-contractors, working on the construction project.**
- This wage schedule applies only to the specific project referenced at the top of this page and uniquely identified by the "Wage Request Number" on all pages of this schedule.
- An Awarding Authority must request an updated wage schedule if it has not opened bids or selected a contractor within 90 days of the date of issuance of the wage schedule. For CM AT RISK projects (bid pursuant to G.L. c.149A), the earlier of: (a) the execution date of the GMP Amendment, or (b) the bid for the first construction scope of work must be within 90-days of the wage schedule issuance date.
- The wage schedule shall be incorporated in any advertisement or call for bids for the project as required by M.G.L. c. 149, § 27. The wage schedule shall be made a part of the contract awarded for the project. The wage schedule must be posted in a conspicuous place at the work site for the life of the project in accordance with M.G.L. c. 149 § 27. The wages listed on the wage schedule must be paid to employees performing construction work on the project whether they are employed by the prime contractor, a filed sub-bidder, or a sub-contractor.
- Apprentices working on the project are required to be registered with the Massachusetts Division of Apprentice Standards (DAS). Apprentices must keep their apprentice identification card on their persons during all work hours on the project. An apprentice registered with DAS may be paid the lower apprentice wage rate at the applicable step as provided on the prevailing wage schedule. **Any apprentice not registered with DAS regardless of whether they are registered with another federal, state, local, or private agency must be paid the journeyworker's rate.**
- Every contractor or subcontractor working on the construction project must submit weekly payroll reports and a Statement of Compliance directly to the awarding authority by mail or email and keep them on file for three years. Each weekly payroll report must contain: the employee's name, address, occupational classification, hours worked, and wages paid. Do not submit weekly payroll reports to DLS. For a sample payroll reporting form go to <http://www.mass.gov/dols/pw>.
- Contractors with questions about the wage rates or classifications included on the wage schedule have an affirmative obligation to inquire with DLS at (617) 626-6953.
- Contractors must obtain the wage schedules from awarding authorities. Failure of a contractor or subcontractor to pay the prevailing wage rates listed on the wage schedule to all employees who perform construction work on the project is a violation of the law and subjects the contractor or subcontractor to civil and criminal penalties.
- Employees not receiving the prevailing wage rate set forth on the wage schedule may file a complaint with the Fair Labor Division of the office of the Attorney General at (617) 727-3465.

Additional Apprentice Information:

Minimum wage rates for apprentices employed on public works projects are listed above as a percentage of the pre-determined hourly wage rate established by the Commissioner under the provisions of the M.G.L. c. 149, ss. 26-27D. Apprentice ratios are established by the Division of Apprenticeship Training pursuant to M.G.L. c. 23, ss. 11E-11L.

All apprentices must be registered with the Division of Apprenticeship Training in accordance with M.G.L. c. 23, ss. 11E-11L.

All steps are six months (1000 hours.)

Ratios are expressed in allowable number of apprentices to journeymen or fraction thereof, unless otherwise specified.

\*\* Multiple ratios are listed in the comment field.
