

# Rebates to Save Energy and Reduce your Carbon Footprint

Join the Cape Light Compact for a free energy education presentation. Learn more about the Compact's work in your community, their energy efficiency programs and incentives for homeowners and renters, and how they can help you save energy! Topics include:

- HVAC and Heat Pump incentives and rebates
- Appliance and product rebates
- Weatherization incentives
- Who is the Cape Light Compact?
- Home Energy Assessments
- Mass Save HEAT Loan

Each session consists of a presentation followed by a Q&A. All dates cover the same information. **Registration is not required.**
