CHO/ORAC Partnership Statement - Draft 2/24/21

The Centers for Culture and History in Orleans and the Orleans Recreation Advisory Committee are committed to developing a partnership regarding the joint use of Town property surrounding the Annex at 139 Main Street (abutting the CHO’s Meetinghouse). In addition to each party continuing with its own events and activities, this partnership will facilitate coordinated planning, land use and hosting of events that meet the missions of both the CHO and ORAC (i.e., family walks, certain recreation activities, biking to historic spots, etc.). Co-scheduling of activities will help assure the efficient use of space and the availability of adequate parking.

The partners will strive to host projects and activities that appeal to all age groups and to varied Orleans resident and visitor interests, thus encouraging people to gather at this cultural and historic center of the Town.
